Tsavo/ Amboseli 2013

Tsavo National park- Home of the Jumbos

The Joint mass of Tsavo West and Tsavo East National Parks forms one of the largest National parks in the world and covers a massive 4% of Kenya's total land area. Tsavo East the larger of the two, lies to the east of the Nairobi – Mombasa road, equidistant between Nairobi and Mombasa, and offers a vast and untapped arena of arid bush which is washed by azure and emerald meandering of Galana River. Guarded by the limitless lava reaches of Yatta plateau and patrolled by some of the largest elephant herds in Kenya

Chyulu Hills National Park

A magical land of black frozen lava studded with blazing red-hot poker trees: of shoals of extinct volcanoes wreathed in dense forest abs hung with Spanish moss, the Chyulu hills coil a sleeping dragon on the lion-gold plains of his treasure. The pink haloed peak of Mount Kilimanjaro rises to the west and all around stretch the mirage

Amboseli National Park (Home of the largest free roaming game population)

is located in Loitoktok District, Rift Valley Province of Kenya. The ecosystem mainly savannah grassland spread across the Kenya-Tanzania border. The park is famous for being the best place in Africa to get close to free-ranging elephants among other wildlife species. Other attractions of the park include opportunities to meet the Maasai and spectacular views of Mount Kilimanjaro.

Chyulu Hills National Park

Mzima Springs are a series of four natural springs in Tsavo National Park, Kenya. They are located in the west the Park, around 48 km from Mtito Andei. The source of the springs is a natural reservoir under the Chyulu Hills to the north.

From the level of 600-900 m a.s.l., **the Taita Hills** rise to a maximum elevation of 2208 m a.s.l. (Wuria peak). They are truly a sight to behold
